### **Treasure Reports:**

**Informed us that Dr. Robbat had notified him that all requests from coach's for \$\$ are to go directly to Paul Schafer, and team money will be distributed and accounted for by Administration not the Boosters. Any monies earned by student fund raising will also be held by Administration. All monies earned by parents will be handled by the Boosters. Donnie will share the form with Paul Schafer the Business Manager at KP.**

### **Athletic Report**

**Varsity Jackets are finally on the horizon, the boys jacket will be the traditional varsity jacket orders will be taken and the girls selected the fleece varsity jacket. The boys will be required to pay \$45.00 and the girls will be required pay \$25.00. Steve will determine who is eligible for the jackets, if a student athlete is not able to financially pay for a jacket, Steve will inform the Boosters board so we can provide that student with a jacket. Dr. Robbat asked Steve to see if the Boosters board is willing to help out with replacing the banners. It was in agreement with all board members that at this time, the board felt with the costs of jackets and upcoming items, it would not be financially feasible. Steve also requested a donation for the Athletic Hall of Fame induction dinner. Last year the Boosters donated \$1000.00 the board decided to donate \$200.00.**
